

Interview Data Protection Statement for Bachelor Thesis

Milan Tornier

Humboldt Universität, Berlin Berlin 10099, Germany

Thank you for agreeing to participate in interviews for my bachelor thesis. To ensure the protection of your personal data, please review the following information:

During the interviews, an audio recording will be made to capture the conversation. The audio recording will be used solely for transcribing and analyzing the content as part of my bachelor thesis research and scientific publications. Once the transcription is completed and verified for accuracy, the audio recording will be securely deleted within a reasonable timeframe. Your personal data will be treated as confidential and used exclusively for the purposes mentioned here. It will not be disclosed to any third parties without your explicit consent, unless required by law. Appropriate measures will be taken to protect the audio recording from unauthorized access, loss, or alteration. You have the right to request access to your personal data, request correction of any inaccuracies, and request deletion of your personal data once it is no longer required for the bachelor thesis. Please note that your participation is voluntary, and you may withdraw consent at any time. By participating in an interview, you acknowledge that you have read and understood this data protection statement and consent to the processing of your personal data as described herein. This statement is valid for all interviews you participate in related to this research.

If you have any questions or concerns, please don't hesitate to contact me. Thank you for your cooperation.

Sincerely,
Milan Tornier
